Boil Water Rescind Notice

On July 8, 2015, the Texas Commission on Environmental Quality (TCEQ) required our public water system City of Weslaco Water Treatment Plant, PWS ID 1080011 to issue a Boil Water Notice (BWN) to inform our customers that due to an interruption in service, water from our system must be boiled prior to consumption.

Our system has taken the necessary corrective actions to restore adequate pressure and has provided TCEQ with testing results that indicate that the water no longer requires boiling as of July 9, 2015.

Due to above average water consumption the Water Treatment is having difficulty meeting current water demands.

If you have questions, you may contact the Weslaco Public Utilities Department Office at 956-968-3181.
